We now have it. We are positive it will not be sold at this price again during this year. Come and get it while it lasts. This lumber can be used for outbuildings, cheap barn siding or most any purpose except fine finishing work. Buy it now. You will need it before you can get it again at this price.

INSURANCE

Twenty-five years ago we paid 75c. per \$100 on a frame building with five coal stoves in different parts of the building. Today on same site, \$2.60 per \$100 on building now of brick and metal, one floor, and heated by steam. Then the city had a volunteer fire department and now a fine up to date paid system and yet look at the increase.
Looking at the changes in our own business every department is from 25 cents to 100 per cent. better and cheaper. Why is Kentucky's insurance rate higher than any State in the Union and 4 per cent. higher than the average for the entire United States and territories.

MISS LOULA LONG

Will Purchase More Kentucky Horses—Now Guest of L. T. Anderson at Point-a-View.

(Lexington Leader.)
Mrs. R. A. Long and her daughter, Miss Loula Long, wife and daughter of the millionaire Missouri lumberman and philanthropist, who have been in Lexington at the Phoenix Hotel for several days, left this morning for Maysville, Ky., where they will spend several weeks visiting the beautiful Point-a-View farm near there. The farm is owned by Mr. Langhorne Tabb Anderson, who with his sister, Miss Grace Anderson came to Lexington to take their guests home with them. From Point-a-View the Longs will go to Shelbyville, the former home of Mr. Long, where they will visit for some time.
Miss Long is known far and wide as a true lover of horses, and the principal thing that brings her to Kentucky is to buy some animals to send back to her farm, "Longview," at Summit, Mo., about eighteen miles from Kansas City. Thus far she has made no purchases, but will no doubt, before leaving the Blue Grass State. Mr. Anderson has a number of horses that Miss Long will "look at" while visiting on his farm.
Miss Long and her mother, in spite of their wealth and small amount of fame, have a simplicity and charm of manner that stamps them as being of the fraternity of the truly great, and makes meeting them an event to remember.

Our Ad. Writer Says

"When he advertises Rubbers, we have Oxford weather."
"When he advertises Umbrellas, we have Parasol weather."
"When he advertises Spring Suits and Coats, the thermometer goes below zero."
"When he advertises all Winter Coats at half price, the mercury goes up."

SO WE ARE GOING TO FOOL THE WEATHER MAN THIS TIME

And not advertise anything special, not even those SPRING SUITS and COATS and "Queen Quality" Oxfords that are just begging us for space in this advertisement. We hope everybody is enjoying these real winter days.
